intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; complex	malignant neoplasm of rectum	Radiation Oncology		1	1				
intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; complex	malignant neoplasm of unspecified part of right bronchus or lung	N/A	1						
intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; complex	secondary and unspecified malignant neoplasm of intrathoracic lymph nodes	N/A	1						
intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; complex	secondary malignant neoplasm of brain	N/A	2						
intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; complex	secondary malignant neoplasm of retroperitoneum and peritoneum	Radiation Oncology		1	1				
intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; complex	secondary malignant neoplasm of right lung	N/A	1						
intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; complex	secondary malignant neoplasm of unspecified lung	N/A	1						
intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; complex	unspecified malignant neoplasm of skin of other parts of face	Radiation Oncology		1	1				
intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; simple	malignant neoplasm of lower-outer quadrant of left female breast	N/A	1						
intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; simple	malignant neoplasm of prostate	N/A	11						
intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; simple	malignant neoplasm of unspecified site of unspecified female breast	N/A	1						
intensity modulated radiation treatment delivery (imrt), includes guidance and tracking, when performed; simple	malignant neoplasm of upper-outer quadrant of right female breast	N/A	2						
intensity modulated radiotherapy plan, including dose-volume histograms for target and critical structure partial tolerance specifications	benign neoplasm of cerebral meninges	N/A	1						
intensity modulated radiotherapy plan, including dose-volume histograms for target and critical structure partial tolerance specifications	benign neoplasm of meninges, unspecified	N/A	1						
intensity modulated radiotherapy plan, including dose-volume histograms for target and critical structure partial tolerance specifications	benign neoplasm of peripheral nerves and autonomic nervous system, unspecified	N/A	1						
intensity modulated radiotherapy plan, including dose-volume histograms for target and critical structure partial tolerance specifications	liver cell carcinoma	N/A	1						
intensity modulated radiotherapy plan, including dose-volume histograms for target and critical structure partial tolerance specifications	localized swelling, mass and lump, head	N/A	1
