Implant Lifetime Deductible	Not applicable	Not applicable	Not applicable
Implant Lifetime Maximum	Not applicable	Not applicable	Not applicable

This summary contains highlights only. For additional plan information, including out-of-network benefits, view the Summary of Benefits.

1. Waiting periods for Class II and III may be waived at the individual member level if the application indicates that there were 12 months or more of prior dental coverage that included coverage for Class III, Major Restorative Services, and not more than 63 days have lapsed between the prior coverage and this plan. Any prior dental insurance plan that did not include Class III services will not count toward waiting period waiver. Orthodontia and Implant Waiting Periods are not eligible for waiver.

2. Covered services have frequency limitations, and some covered services are determined by age. For a complete listing of covered services, please read your plan documents. You are free to choose a provider from our large national network or one from outside the network. Keep in mind, you'll save the most if you visit a network provider. If you choose to visit a dentist out-of-network, you will pay the out-of-network benefit and the difference in the amount that Cigna Healthcare reimburses for such services and the amount charged by the dentist, except for emergency services as defined in your policy. This is known as balance billing.

3. Premiums vary by geographic area. Sample rates shown reflect single coverage. Cigna Healthcare internal data as of November 2023.

4. In Texas, the insured dental product offered by CGLIC and CHLIC is referred to as the Cigna Dental Choice Plan, and this plan utilizes the national Cigna Dental network.
