If you see inaccurate information for a provider in the print or online directory, please help us improve your experience by reporting it using one of the following options:

- Report by phone: call Customer Service at the number listed above.
- Report online: through the Report Inaccurate Information link in the online directory

We will verify the information you send and ensure it is corrected accordingly.

The pharmacy network and/or provider network may change at any time. You will receive notice when necessary.

These listings may include participating Nurse Practitioners (NPs) and Physician Assistants (PAs) who offer primary care services. Please note that while you may receive care from these providers, Cigna currently does not allow NPs or PAs to be designated as your Primary Care Provider (PCP). If you utilize an NP or PA as your primary source of care, a participating physician from the same medical group should be selected as your PCP.

Cigna is in the process of updating its directory to include additional participating NPs and PAs. If your provider does not appear, you may contact them or Cigna Customer Service at 1-800-668-3813 (TTY 711) to validate whether they participate with your Cigna plan.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation. The Cigna name, logos, and other Cigna marks are owned by Cigna Intellectual Property, Inc.

Section 1 – Introduction

Network Providers

This directory provides a list of your plan's network providers. To get detailed information about your health care coverage, please see your *Evidence of Coverage (EOC)*.

Cigna is committed to building a trusted network of health care providers. The doctors, hospitals, facilities, and other providers we contract with must meet certain credentialing requirements. They must also agree to our billing rates. This helps make sure you have access to quality, cost-effective care. To build our network, we look at how many primary care and specialty doctors are in a specific area. We also look at what hospitals, labs, and other facilities are in that area. Our goal is to build a network that gives you choice and convenient access to treatment and services. Provider networks vary by state and plan, and include doctors, hospitals, and health care facilities in your local area.

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Provider (PCP). Generally, you must get your health care services from your PCP. Your PCP is a physician who is trained to provide general medical care. Your PCP can also coordinate the rest of the covered services you need.

The network providers listed in this directory have agreed to provide you with your health care, vision and/or dental services, as applicable. Please note: not all Cigna Medicare Advantage plans have vision and dental benefits. Check your *Evidence of Coverage* to see if your plan has a vision and/or dental benefit or allowance. For plans with preventive dental care, you may go to any General Dentist listed in this directory; however, services provided by Dental Specialists will not be covered. For plans with comprehensive dental care, you may go to any of our network dental providers listed in this directory. In some cases, you may get covered services from non-network dental providers. Customers in plans with a dental allowance can use any licensed dental provider who is eligible under Medicare.

For health care, you may go to any of our network providers listed in this directory. In some cases, you may get covered services from non-network providers. Cigna Alliance Medicare (HMO) plans are contracted with a subset of providers within our provider network, so not all of our network providers participate in our Alliance plans. You can see any of the network providers listed in this directory.

Provider Network Relationships

Cigna Medicare Advantage has different types of Primary Care Provider relationships. We may have contracts with independent physicians, Independent Physician Associations, Physician Organized Delivery system and clinic-based providers in your area. The following paragraphs describe the relationship these providers have with us.

- **Independent Physician Associations (IPA)**

Independent Physician Associations (IPAs) consist of primary care and specialist physicians located in and around your area. If you select a PCP who belongs to an IPA, you should be aware that your PCP will refer you to specialists and hospitals affiliated with the same IPA and with whom they work closely to coordinate your care. You will receive all of your care, including gynecological and specialty care from the physicians within the same IPA. Gynecological care can be accessed by any Gynecologist in the network.

Your IPA is designed to provide a team of primary care and specialty physicians who can manage your care needs. However, if your medical condition should ever require you to seek care outside the IPA, your primary care physician will continue to assist you in the coordination of any needed prior authorizations or referrals for services outside the IPA.

- A **Physician Organized Delivery (POD)** system represents a network of physicians with similar referral patterns, organized to administer health care services to the plan's customers. If you select a PCP who belongs to a POD, you should be aware that your PCP will refer you to specialists affiliated with the same POD and with whom they work closely to coordinate your care. However, your PCP can refer you to any other in-network physician outside of the POD, and your PCP will continue to assist you in the coordination of any needed services outside the POD.

- **Independent physicians**

Independent physicians are primary care and specialist physicians located in and around your area that are not part of an Independent Physician Association (IPA) or Physician Organized Delivery system (POD). If you select an independent PCP you should be aware that your PCP will refer you to specialists and hospitals with whom he/she is affiliated and with whom they work closely to coordinate your care. Please confirm whether the referred physician or hospital is a network provider with your plan. You will receive all of your care, including gynecological and specialty care from the physicians affiliated with your PCP. Gynecological care can be accessed through any independent Gynecologist.

If you get a bill

There may be times when you get a bill from a provider for the full cost of medical care you have received. In many cases, you should contact Customer Service or send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. (Please note that we cannot pay a provider who has opted out of the Medicare program. Check with your provider before receiving services to confirm that they have not opted out of Medicare.) If we determine that the services are not covered or were not medically necessary, we may deny coverage and you will be responsible for the entire cost.

Emergency and Urgent Care

You may get emergency medical care whenever you need it, anywhere in the United States or its territories. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. Please refer to your *Evidence of Coverage* for details. You may also get covered emergency medical care whenever you need it, anywhere in the world. If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over. After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

You must use plan providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers neither Medicare nor Cigna will be responsible for the costs.

Telehealth Services

For nonemergency care, you can get on-demand doctor visits in minutes via your smart phone, computer or tablet. You can talk live with an MDLIVE telehealth provider about a number of health issues, including allergies, flu, and joint aches and pains. To learn more about this benefit, call MDLIVE at 1-866-918-7836 (TTY 711) or visit www.MDLive.com/CignaMedicare.

Behavioral Health Services

Behavioral health services, including mental health and substance abuse services, for beneficiaries are covered by your plan. Customers and providers may access behavioral health services by calling 1-866-780-8546 (TTY 711) for assistance in finding a behavioral health care professional or to arrange for inpatient admission authorization. Behavioral health services are available 24 hours per day, 7 days a week.

Cigna Medicare Advantage HMO
2023 Pharmacy Directory

This *Pharmacy Directory* was updated in November 2023. For more recent information or other questions, please contact Cigna Customer Service at 1-800-668-3813 (TTY 711), October 1 – March 31, 8 a.m. – 8 p.m. local time, 7 days a week. From April 1 – September 30, Monday – Friday, 8 a.m. – 8 p.m. local time. Messaging service used weekends, after hours, and on federal holidays. You can also visit www.CignaMedicare.com.

Introduction

When this *Pharmacy Directory* refers to “we,” “us,” or “our,” it means Cigna Medicare Advantage. When it refers to “plan” or “our plan,” it means Cigna Alliance Medicare (HMO).

This directory provides a list of your plan’s network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the *Evidence of Coverage* and your plan’s formulary.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to plan customers. In most cases, your prescriptions are covered under your plan only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your *Evidence of Coverage*

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of November 2023. For the most current list, please call Customer Service at 1-800-668-3813 (TTY 711).

You can go to all the pharmacies on this list, but your costs for some drugs may be less at pharmacies in this list that offer preferred cost-sharing. We have marked these pharmacies with a gray box to distinguish them from other pharmacies in our network that offer standard cost-sharing. If you are a customer of our Cigna Medicare Advantage Primary HMO or Cigna Medicare Advantage TotalCare HMO plans, your cost-share is the same at a standard network pharmacy as it would be at a preferred network pharmacy.

You can get prescription drugs shipped to your home through our network mail order delivery program. Typically, you should expect to receive your prescription drugs within 14 days from the time that the mail order pharmacy receives the order and your method of payment. If you do not receive your prescription drug(s) within this time, please let us know. For more information, please contact us or see the mail order section of this *Pharmacy Directory*.

This directory is for **Maryland Counties**: Anne Arundel, Baltimore and Baltimore City including the area that you live. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our plan. For information on more pharmacies in our plan network not listed in this directory please call Customer Service at 1-800-668-3813 (TTY 711).

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.
