

# 2024 Cigna Healthcare Drug List (Formulary)

## Premier Access 5 Tier (open)

Cigna Rx Medicare (PDP) / Cigna True Choice Medicare (PPO) /  
Cigna Preferred Medicare (HMO)

**Please read: This document contains information about the drugs we cover in this plan.**

This formulary was updated 3/23/2024. For more recent information or other questions, please contact Cigna Healthcare Customer Service. Contact information can be found on the back cover of this document. The drug list, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary. Cigna Healthcare is contracted with Medicare for PDP plans, HMO and PPO plans in select states, and with select State Medicaid programs.

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to "we," "us," or "our," it means Cigna Healthcare. When it refers to "plan" or "our plan," it means Cigna Rx Medicare (PDP), Cigna True Choice Medicare (PPO) or Cigna Preferred Medicare (HMO). This document includes a list of the drugs (formulary) for our plan which is current as of 3/23/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages. You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2024, and from time to time during the year.

**Important Message about What You Pay for Vaccines** - Our plan covers most Part D vaccines at no cost to you. If your plan has a Part D deductible, this will apply even if you haven't paid your deductible. Call Customer Service for more information.

**Important Message about What You Pay for Insulin** - You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on. If your plan has a Part D deductible, this will apply even if you haven't paid your deductible. If your insulin is on a tier where cost-sharing is lower than \$35, you will pay the lower cost for your insulin.

## What is the Cigna Healthcare Drug list?

A drug list is a list of covered drugs selected by Cigna Healthcare in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Cigna Healthcare will generally cover the drugs listed in our drug list as long as the drug is medically necessary, the prescription is filled at a Cigna Healthcare network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## Can the Drug list (formulary) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

**Changes that can affect you this year:** In the below cases, you will be affected by coverage changes during the year:

- › **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
  - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled "How do I request an exception to the Cigna Healthcare Drug list?"
- › **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our drug list to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our drug list and provide notice to members who take the drug.
- › **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the drug list or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our drug list, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
  - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and

you can also find information in the section below entitled “How do I request an exception to the Cigna Healthcare Drug list?”

**Changes that will not affect you if you are currently taking the drug.** Generally, if you are taking a drug on our 2024 drug list that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed drug list is current as of 3/23/2024. To get updated information about the drugs covered by Cigna Healthcare please contact us. Our contact information appears on the front and back cover pages.

### **How do I use the Drug list?**

There are two ways to find your drug within the drug list:

- › **Medical Condition**

The drug list begins on page 1. The drugs in this drug list are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “CARDIOVASCULAR, HYPERTENSION / LIPIDS”. If you know what your drug is used for, look for the category name in the list that begins on 1. Then look under the category name for your drug.

- › **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins after the List of Covered Drugs. The Index provides an alphabetical list of all the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

### **What are generic drugs?**

Cigna Healthcare covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

### **Are there any restrictions on my coverage?**

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- › **Prior Authorization:** Cigna Healthcare requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Cigna Healthcare before you fill your prescriptions. If you don't get approval, Cigna Healthcare may not cover the drug.

- › **Quantity Limits:** For certain drugs, Cigna Healthcare limits the amount of the drug that Cigna Healthcare will cover. For example, Cigna Healthcare allows for 1 tablet per day for atorvastatin 40mg. This applies to a standard one-month supply (for total quantity of 30 per 30 days) or three-month supply (for total quantity of 90 per 90 days).
- › **Step Therapy:** In some cases, Cigna Healthcare requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Cigna Healthcare may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Cigna Healthcare will then cover Drug B.
- › **Non-Extended Days Supply:** For certain drugs, Cigna Healthcare limits the amount of the drug that Cigna Healthcare will cover to only a 30-day supply or less, at one time. For example, customers who have not had any recent fill of opioid pain medications within the past 108 days (referred to as “opioid naïve”) are limited to a maximum of 7 days’ supply of opioid pain medication. Customers who have received a recent fill of an opioid pain medication (not opioid naïve) are limited to up to a month’s supply of that medication at one time. Other high- cost drugs may be subject to a non-extended day supply restriction, as well.

You can find out if your drug has any additional requirements or limits by looking in the drug list that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the drug list, appears on the front and back cover pages.

You can ask Cigna Healthcare to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Cigna Healthcare drug list?” on the next page for information about how to request an exception.

### **Options for Maintenance Medications**

Taking the medications prescribed by your doctor (or other prescriber) is important to your health.

We are committed to helping you control your chronic conditions by making it easy for you to receive your maintenance medications. There are several ways we can work together to accomplish this goal:

- › Talk with your doctor about whether a 90-day supply of your ongoing, stable medications may be appropriate. Taking these medications every day as prescribed is important for your overall health, and getting 90-day prescriptions of these medications can help ensure that you do not miss a dose.
- › You can receive a 90-day supply at most retail pharmacies or through one of our mail-order pharmacies.
- › Talk to your pharmacist if you are experiencing any new challenges with your maintenance medications.
- ›

## **How can I use my prescription drug coverage to save money on my medications?**

There may be opportunities for you to save money on your medications using your Cigna Healthcare coverage.

- › Ask your doctor (or other prescriber) if there are any lower-cost generic alternatives available for any of your current medications.
- › Some plans may offer a \$0 copay for Tier 1 and Tier 2 generic drugs filled at a preferred retail and/or mail-order pharmacies. Refer to your Evidence of Coverage (EOC) Snapshot for your plan's specific cost-sharing amounts.
- › Explore whether the 'CMS Extra Help' program may offer additional financial support for your medications.
- › If your medication is not covered in the Cigna Healthcare drug list, talk with your doctor about alternative medications which are covered on the drug list.

## **What if my drug is not on the Drug list?**

If your drug is not included in this drug list (formulary), you should first contact Member Services and ask if your drug is covered.

If you learn that Cigna Healthcare does not cover your drug, you have two options:

- › You can ask Member Services for a list of similar drugs that are covered by Cigna Healthcare. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Cigna Healthcare.
- › You can ask Cigna Healthcare to make an exception and cover your drug. See below for information about how to request an exception.

## **How do I request an exception to the Cigna Healthcare Drug list?**

You can ask Cigna Healthcare to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- › You can ask us to cover a drug even if it is not on our drug list. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- › You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Cigna Healthcare limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- › You can ask us to cover a drug list drug at a lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug. This applies to the following circumstances:
  - › If the drug you are taking is a brand name drug, you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains either brand or generic alternatives for treating your condition.
  - › If the drug you're taking is a generic drug, you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains either brand or generic alternatives for treating your condition.

- › If the drug you're taking is a biological product, you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains biological product alternatives for treating your condition.

Please note, if we grant your request to cover a drug that is not on our drug list, you may not ask us to provide this drug at a lower cost sharing tier.

Generally, Cigna Healthcare will only approve your request for an exception if the alternative drugs included on the plan's drug list, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a drug list, tier, or utilization restriction exception. **When you request a drug list, tier, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

### **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our drug list. Or, you may be taking a drug that is on our drug list but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a drug list exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first *must be at least 90* days you are a member of our plan.

For each of your drugs that is not on our drug list or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our drug list or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a drug list exception.

In order to accommodate unexpected transitions of our customers that do not leave time for advanced planning, such as level-of-care changes due to discharge from a hospital to a nursing facility or to a home, Cigna Healthcare will allow a onetime 31-day supply (unless the prescription is written for fewer days).

## **Cigna Healthcare's Drug List**

The drug list that begins on page 1 provides coverage information about the drugs covered by Cigna Healthcare. If you have trouble finding your drug in the list, turn to the Covered Drug Index that begins after the list of covered drugs.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., TRELEGY ELLIPTA) and generic drugs are listed in lower-case italics (e.g., *atorvastatin*).

The information in the Requirements/Limits column tells you if Cigna Healthcare has any special requirements for coverage of your drug.

We provide quantity limits on certain drugs which are indicated with a QL in the Covered Drugs by Category list on page 1 along with the amount dispensed per the days supplied. (For example: atorvastatin 40mg QL 30/30; this means the drug atorvastatin 40mg is limited to 30 tablets per 30 days. For 90-day supplies, this quantity limit would be expanded to 90 tablets per 90 days).

### **For more information**

For more detailed information about your Cigna Healthcare prescription drug coverage, please review your Evidence of Coverage Snapshot and other plan materials.

If you have questions about Cigna Healthcare or your plan, please contact us. Our contact information, along with the date we last updated the drug list, appears on the back cover page.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

## **Cigna Healthcare Drug list**

The drug list that begins on the next page provides coverage information about the drugs covered by Cigna Healthcare. If you have trouble finding your drug in the list, turn to the Index that begins after the List of Covered Drugs.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., TRELEGY ELLIPTA) and generic drugs are listed in lower-case italics (e.g., *atorvastatin*).

The information in the Requirements/Limits column tells you if Cigna Healthcare has any special requirements for coverage of your drug.

### **Your Costs**

The amount you pay for a covered drug will depend on:

- › Your coverage stage. Your plan has different stages of coverage. In each stage, the amount you pay for a drug may change. Please refer to your Summary of

Benefits or Evidence of Coverage Snapshot for more information about your specific prescription drug benefit.

- › The drug tier for your drug. Each covered drug is in one of four drug tiers. Each tier may have a different cost-sharing amount. The “Drug Tiers” chart below explains what types of drugs are included in each tier and shows how costs may change with each tier.
- › If your plan includes additional benefits as noted on the Summary of Benefits or Evidence of Coverage Snapshot, you can find the lists of those covered benefits in the 2024 Formulary Addendum document included in your Benefits Booklet
- › **If you qualify for Extra Help:** Your LIS copay level will be based on how the Food and Drug Administration (FDA) classifies certain drugs. Due to this, a generic drug may receive a preferred drug copay, or a preferred brand drug may receive a generic drug copay. Please see your LIS Rider for additional information on these copay levels. Or call Customer Service for further clarification regarding a specific drug.

## Drug Tiers

Covered medications are divided into tiers or cost-share levels. Typically, the higher the tier, the higher the price you'll pay to fill the prescription.

Tier	Includes	Helpful Tips
<b>Tier 1:</b> Preferred Generic Drugs	This tier includes many commonly prescribed generic drugs and may include other low-cost drugs.	Tier 1 drugs have the lowest cost-sharing amount.
<b>Tier 2:</b> Generic Drugs	This tier includes preferred brand-name drugs as well as some generic drugs.	Drugs in Tier 2 generally have a lower cost-share amount than those in the non-preferred tier.
<b>Tier 3:</b> Preferred Drugs	This tier includes preferred brand-name as well as some generic drugs.	Drugs in Tier 3 generally have a lower cost share than Tier 4. Drugs in this tier have lower-cost alternatives in Tiers 1 and 2. Ask your doctor if switching to a lower cost drug may be right for you.
<b>Tier 4:</b> Non-Preferred Drugs	This tier includes higher-priced non-preferred drugs not in a preferred tier.	Drugs in Tier 4 may have lower-cost alternatives in Tiers 1-3. Ask your doctor if switching to a lower cost drug may be right for you.
<b>Tier 5:</b> Specialty Drugs	This tier includes the highest cost brand-name and generic drugs.	To learn more about medications in this tier, you may contact your pharmacist or prescriber.

Below is a list of abbreviations that may appear on the following pages in the Requirements/Limits column that tells you if there are any special requirements for coverage of your drug.

### **List of Abbreviations**

**\*:** Opioid medication available as a 7-day supply or less for first time opioid user. For continued use this drug may only be available as a one month supply.

**B/D PA:** This prescription drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

**LA:** Limited Availability. This prescription may be available only at certain pharmacies. For more information, please call Customer Service.

**MO:** Mail-Order Drug. This prescription drug is available through our mail-order service, as well as through our retail network pharmacies. Consider using mail order for your long-term (maintenance) medications (such as high blood pressure medications). Retail network pharmacies may be more appropriate for short-term prescriptions (such as antibiotics).

**NDS:** Drugs may be limited to a 30-day supply.

**PA:** Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

**QL:** Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.

**ST:** Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

**V:** This vaccine is provided to adults at no cost when used based on recommendations by the Centers for Disease Control and Prevention's (CDC) Advisory Committee on Immunization Practices (ACIP).

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Requirements/Limits</b>
<i>acetic acid otic (ear)</i>	2	MO
CETRAXAL	4	MO
<i>ciprofloxacin hcl otic (ear)</i>	4	MO
DERMOTIC OIL	4	MO
<i>flac otic oil</i>	4	
<i>fluocinolone acetonide oil</i>	4	MO
<i>hydrocortisone-acetic acid</i>	3	MO
<i>ofloxacin otic (ear)</i>	3	MO
<b>OTIC STEROID / ANTIBIOTIC</b>		
CIPRO HC	4	MO
<i>ciprofloxacin-dexamethasone</i>	3	MO; QL (7.5 per 7 days)
CIPROFLOXACIN-FLUOCINOLONE	4	
CORTISPORIN-TC	4	
<i>neomycin-polymyxin-hc otic (ear)</i>	3	MO
OTOVEL	4	
<b>ENDOCRINE/DIABETES</b>		
<b>ADRENAL HORMONES</b>		
ACTHAR	5	PA; MO; NDS
ALKINDI SPRINKLE ORAL CAPSULE, SPRINKLE 0.5 MG, 1 MG	4	
ALKINDI SPRINKLE ORAL CAPSULE, SPRINKLE 2 MG, 5 MG	5	NDS
<i>betamethasone acet,sod phos</i>	4	MO
CELESTONE SOLUSPAN	4	MO
CORTEF	4	MO
<i>cortisone</i>	2	
CORTROPHIN GEL	5	PA; MO; NDS
<i>deflazacort</i>	5	PA; MO; NDS
DEPO-MEDROL	4	MO
<i>dexabliss</i>	4	
<i>dexamethasone intensol</i>	2	MO
<i>dexamethasone oral elixir</i>	2	MO

CAPITALIZED = BRAND NAME DRUG

lowercase italic = generic drug

This drug list was last updated on 03/19/2024.

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Requirements/Limits</b>
<i>dexamethasone oral solution</i>	2	MO
<i>dexamethasone oral tablet</i>	2	MO
<i>dexamethasone oral tablets,dose pack</i>	4	MO
<i>dexamethasone sodium phos (pf) injection solution 10 mg/ml</i>	2	MO
DEXAMETHASONE SODIUM PHOS (PF) INJECTION SYRINGE	4	
<i>dexamethasone sodium phosphate injection</i>	2	MO
EMFLAZA	5	PA; MO; LA; NDS
<i>fludrocortisone</i>	2	MO
HEMADY	4	
HEXATRIONE	5	NDS
<i>hydrocortisone oral</i>	2	MO
KENALOG INJECTION	4	MO
KENALOG-80	4	MO
MEDROL (PAK)	4	MO
MEDROL ORAL TABLET 16 MG, 4 MG, 8 MG	4	B/D PA; MO
MEDROL ORAL TABLET 2 MG	4	B/D PA
<i>methylprednisolone acetate</i>	2	MO
<i>methylprednisolone oral tablet</i>	2	B/D PA; MO
<i>methylprednisolone oral tablets,dose pack</i>	2	MO
<i>methylprednisolone sodium succ injection recon soln 125 mg, 40 mg</i>	2	MO
<i>methylprednisolone sodium succ intravenous</i>	2	MO
<i>millipred oral tablet</i>	4	B/D PA; MO
ORAPRED ODT	4	B/D PA; MO
<i>prednisolone oral solution</i>	2	MO
<i>prednisolone oral tablet</i>	4	B/D PA; MO
<i>prednisolone sodium phosphate oral solution 10 mg/5 ml, 20 mg/5 ml (4 mg/ml)</i>	4	MO
<i>prednisolone sodium phosphate oral solution 15 mg/5 ml (3 mg/ml), 25 mg/5 ml (5 mg/ml), 5 mg base/5 ml (6.7 mg/5 ml)</i>	2	MO

CAPITALIZED = BRAND NAME DRUG

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Requirements/Limits</b>
<i>prednisolone sodium phosphate oral solution 15 mg/5 ml (5 ml)</i>	2	
<i>prednisolone sodium phosphate oral tablet, disintegrating</i>	4	B/D PA; MO
<i>prednisone intensol</i>	4	MO
<i>prednisone oral solution</i>	2	MO
<i>prednisone oral tablet</i>	1	MO
<i>prednisone oral tablets, dose pack</i>	1	MO
RAYOS	5	MO; NDS
SOLU-CORTEF	4	
SOLU-CORTEF ACT-O-VIAL (PF)	4	MO
SOLU-MEDROL (PF)	4	MO
SOLU-MEDROL INTRAVENOUS RECON SOLN 1,000 MG	4	
SOLU-MEDROL INTRAVENOUS RECON SOLN 2 GRAM, 500 MG	4	MO
TAPERDEX ORAL TABLETS, DOSE PACK 1.5 MG (21 TABS)	4	MO
TAPERDEX ORAL TABLETS, DOSE PACK 1.5 MG (27 TABS), 1.5 MG (49 TABS)	4	
TARPEYO	5	PA; QL (120 per 30 days); NDS
<i>triamcinolone acetonide injection suspension 40 mg/ml</i>	2	MO
TRIESENCE (PF)	4	
XIPERE (PF)	5	MO; NDS
ZILRETTA	4	
<b>ANTITHYROID AGENTS</b>		
<i>methimazole oral tablet 10 mg, 5 mg</i>	1	MO
<i>propylthiouracil</i>	2	MO
<b>DIABETES THERAPY</b>		
<i>acarbose oral tablet 100 mg</i>	2	MO; QL (90 per 30 days)
<i>acarbose oral tablet 25 mg</i>	2	MO; QL (360 per 30 days)
<i>acarbose oral tablet 50 mg</i>	2	MO; QL (180 per 30 days)
ACTOPLUS MET ORAL TABLET 15-850 MG	4	MO; QL (90 per 30 days)
